Dear Sirs,

I have been informed by Harold Weisberg that two of his recent books, CASE OPEN (1994) and NEVER AGAIN! (1995) were published by yourselves.

These books, I understand, have not been published in Great Britain and so I have tried to obtain them on Mr. Weisbergs advice "from the publisher".

My several phone calls and faxes to Carrol and Graf and your distributor have not been answered and so I commit my enquiry to paper.

Would you please advise me of the cost of these two volumes including postage and packaging costs to the U.K.. I assume that payment by International Money Order will be acceptable.

Yours Faithfully

George Hutchinson.
